

Summary

I am a detail-oriented person with experience in technology, customer service, and managing tasks well. I want to use my skills in problem-solving, organization, and clear communication to do work that makes a valuable contribution to the world. My strong work ethic, general aptitude, and ability to work well with others make me a great fit for long-term growth with you and your team. I am a ready and rapid learner, able to quickly grasp new systems and industry best practices.

Experience

Uber and Uber Eats Driver | 2019-2024

- Maintained a friendly and hospitable environment while consistently delivering excellent service.
- Safely transported guests and delivered meals, showing my ability to organize tasks.
- Received several hundred 5-Star reviews.

App Developer | Florida - 2011-2024

- Made several apps and games with the goal of building great solutions and services with beautiful designs.
- Programing is a detail-oriented job, where writing simple and clean code are top priorities.
- My work involved dealing with unexpected problems, limited resources, and rapid changes, showing my ability to adapt quickly (from building startups for 13-14 years).

Library Technician | University of Central Florida - 2014-2015

- Personally assisted guests with tech support, equipment loans, and finding books.
- My responsibilities included: troubleshooting software/hardware, assisting with network connectivity, managing printers, providing guidance on specific applications, and resolving issues efficiently to contribute to smooth library operations.
- Used problem-solving, technical proficiency, customer service, communication, critical thinking, and patience skills.
